

## Plan Barbecue to Entertain Guests

Barbecue at Y-6 Ranch to Entertain 400  
On Annual Hereford Tour of West Texas

Hamlin civic groups, together with Mrs. Fay Young Morton, will be host to an estimated 400 people at a barbecue on the Y-6 Hereford ranch Monday, May 16.

The barbecue, to be served at noon, will mark the first stop for entertainment of the annual West Texas Hereford Association tour. The tour will begin in Abilene and plans are being made to visit all large herds of registered Hereford cattle in the area.

For entertainment during the meal, the Hamlin square dance team will perform on the lawn at the Y-6 Ranch. I. R. Witt, manager of the team, said this week. Beef for the barbecue will be provided by Mrs. Harkrider of Abilene. Haskell Carter, president of the Hamlin Chamber of Commerce, said.

Assisting Mrs. Morton in arranging for the entertainment will be the Chamber of Commerce, the Lions Club and the Rotary Club. All members of the Rotary and Lions clubs are invited to attend the barbecue. At least 250 cattlemen and women are expected from out of town at the entertainment, and it is estimated that an additional 150 will attend from Hamlin and surrounding area.

## Cleanup Drive Is Extended Week by City Officials

Clean-up week, originally set for May 2 to 7 by proclamation of Mayor Holly Toler, was extended for one week Tuesday to enable Chamber of Commerce committees to organize better for the campaign.

The clean-up drive will end officially on Saturday, May 4, Mrs. E. M. Wilson, secretary of the Chamber of Commerce announced.

City officials pointed out that unsanitary conditions breed flies, which carry germs, and thus endanger the health of the entire community. It is believed that polio germs are transmitted largely by the common house fly.

Special committees have been named to cut weeds and see that trash and rubbish is removed from all vacant lots, alleys and unused streets, Mrs. Wilson said.

The Chamber of Commerce, backed by the mayor and council, asked all citizens of Hamlin to cooperate in removing unsightly trash and weeds from premises throughout the city.

Burnable trash should be piled up in alleys, Mrs. Wilson said, and burned, with proper precautions being taken to prevent spread of the fire. All other rubbish can be piled in the alleys and city trucks will haul it away.

The mayor has directed all city employees to cooperate in the fullest with the clean up effort.

## Rev. Howard Smith Is Re-Elected as Pastor

Rev. Howard L. Smith, pastor of the Hamlin Church of the Nazarene was called for his second year in the pastorate, in a business meeting of the local church last Wednesday evening.

The pastor came here last year from Quanah, where he had served in a similar capacity. The call for a second year of service was unanimous.

### GARRETT IS HONORED.

County Judge Roger Q. Garrett was elected president of the West Texas County Judges and Commissioners Association, in a meeting held last Saturday.

Mr. and Mrs. H. J. Nelson and daughter, Marjorie, of Midland spent the past week end with Mrs. Nelson's parents, Mr. and Mrs. M. M. C. Wilson.

Mrs. S. H. Shook of Sweetwater is a guest in the home of her son-in-law and daughter, Mr. and Mrs. T. R. Taggart.

## Dr. Hawkins Has Opened Offices In City Hospital

Dr. E. J. Hawkins, who recently leased the Hamlin Memorial Hospital for a five-year period, arrived in Hamlin this week and established an office in the hospital building.

He will take over the operation of the institution on May 15, he announced Thursday.

In the meantime Dr. Hawkins is associated with Dr. J. F. Hocott in the hospital. Dr. Hocott is expected to leave Hamlin for his new home in Freer some time before May 15. He and Dr. E. L. Haag have acquired a hospital in Freer.

Dr. Hawkins came here from Roby where he has been operating the Fisher County Memorial Hospital. He is succeeded at Roby by Dr. Ray of Lufkin, who is now in charge of the Fisher County institution.

Born near Sylvester, Dr. Hawkins was reared in the Hamlin area, and has many friends and acquaintances here. He is the son of Mr. and Mrs. Elmer Hawkins.

Dr. Hawkins said Thursday that he is negotiating with another physician who he hopes to have associated with him in operation of the hospital, but no definite announcement can be made as yet.

Miss Nona Lois Hale a registered nurse, graduate of Hendrick Memorial Hospital Nurse school, will come here next week from her home in Longwood, to practice her profession in the Hamlin hospital, Dr. Hawkins said.

## Operators Plug White Test as Dry Hole Found

The West Central Drilling Co., operators of the D. M. White et al. So. 1, a mile east extension try for the Round Top pool, plugged the well last Saturday evening after the bit had gone to 5,000 feet with no show of commercial production.

Only slight indications of oil were encountered in the hole, observers reported.

Drilling below surface casing began this week on a half mile south outcrop to the dual swastika and Ellenburger production discovery well, located northwest of Hamlin.

The outcrop is the Texas Pacific Coal & Oil Company, No. 1 A. E. Pardue, account 2. It is located 3,126 feet from the west and 2,503 feet from the south line of section 200, block 1, H&TC survey.

Permit on the outcrop try is for 6,150 feet with rotary. The permit will include exploration of the Ellenburger.

Official gauge has been taken, but not announced, on the Texas Pacific Coal & Oil Company, No. 1 Port H. Williams, a southeast offset to the discovery well.

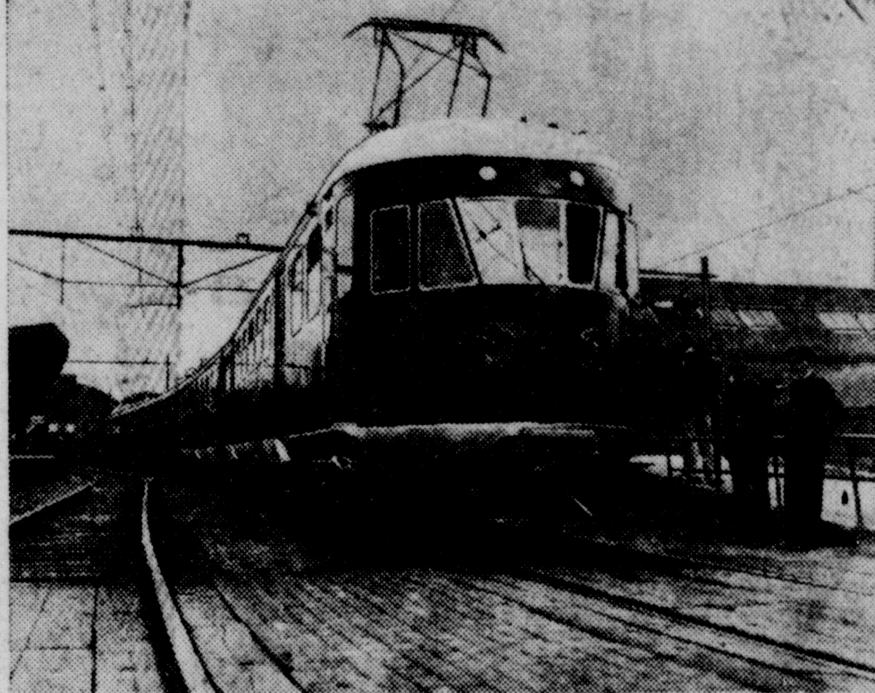

The Williams well was drilled to 3,785 feet, in the swastika formation. A drillstem test from 3,773-85 feet produced flowing oil in 12 minutes. Seven inch casing was cemented at 3,881 feet and the completion was in open hole.

Operators said later they may decide to deepen the well to test the Ellenburger with a five inch hole.

Surface casing was set last week end on a south offset to production in the Round Top field, seven miles southwest of Hamlin. The well is the Texas Pacific Coal & Oil Company, No. 1, H. E. Redus A. Permit is for 4,900 feet with rotary.

Dr. W. H. Bryant has filed an amended drilling application for the No. 3 Eleanor S. Towne et al. B. offset to production in the Round Top field. The new location is 1,263 feet from the south and east lines of section 213 B&B&C survey.

## To Speed European Economic Recovery

This gleaming, electric powered train has been added to the war-damaged transportation system of the Netherlands as the result of a loan from the International Bank for Reconstruction and Development, a Specialized Agency of the United Nations. The Bank has been concentrating its loans on long-term projects, which will contribute to over-all economic development.

## Red Cross Names Committees for Work in Disaster

Committees to function in the event of a disaster in Hamlin or surrounding area were named by the Red Cross last week, according to Haskell W. Carter, county disaster chairman.

The committees in Hamlin are as follows.

Central Purchasing Committee: Haskell Carter, Travis Hash, Mrs. John C. Bryant and Mrs. R. D. Moore. Rescue and Survey: Barrow Funeral Directors, Hamlin Fire Department, Auxiliary Fire Department and J. H. Foster. Food Committee: Lions Club, Joe L. Culbertson, Garden Club, Mrs. D. D. Harden, Edgar Duncan and Mrs. Joe A. Simpson.

Quilt and Blanket: Everett Townley, D&H Dept. Store, Hassen Dry Goods Store, Woman's Literary Club Mrs. Ernest Jenkins. Cot Committee: James Furniture, Wilson Hardware and Carlton Hardware. Medical Staff: Hamlin Memorial Hospital, Dr. W. C. Weir, Dr. Q. Don Gould, Dr. Claud H. Chastain.

Medical Supplies: Wagoner Drug City Drug and Reynolds Drug. Communication: Jim Howard King, Mrs. Clota Mae Tegar, Perry Sparks and Mrs. E. M. Wilson. Clothing Committee: Onis Crawford, Bryant-Link Co. Malouf's Dept. Store, VFW Auxiliary and Mrs. Clyde Huff.

The committees will be organized to go into action in the event of any disaster such as flood, fire, tornado or serious accidents.

## Hamlin Faculty Re-Elected for 1949-50 Term

All members of the Hamlin school faculty have been reemployed for the 1949-50 term, I. R. Huchingson, superintendent, announced this week.

The members given a new yearly contract are:

Mrs. C. E. Ball, T. C. Blankenship, Jesse N. Birditt, Joe W. Douglass, Mrs. Mary Farrow, W. Truman Nix, Miss Billie K. Lancaster, B. V. Newberry, principal, Mrs. Austin Poe, Mrs. Holly Toler and Huchingson, superintendent, all of the high school faculty.

Miss Viola Avants, George T. Black, Mrs. Leona Brown, Miss Harriett Evans, Miss Mae James, Miss Georgia Moore, Miss Jean Murphree, Mrs. J. S. Norton, Miss Magie Seymore, Mrs. D. D. Shelburne, Mrs. Ima B. Shout, Mrs. Anna Belle Sillish.

Mrs. Fred Smith, Mrs. Loretta Treadwell, Miss Lulan Vaughan, Miss Lettie M. Wade, Miss Eunice Whitehead, Mrs. Nna B. Williams, Mrs. Minnie Lee Wilson, Mrs. S. C. Ferguson Jr., and Marvin D. Carlton, principal, all of the Elementary school.

Mr. and Mrs. Dick Branscum were guests Sunday of Mrs. Branscum's parents, Mr. and Mrs. Bowen in Roscoe.

## Fire Drill Record Is Set at 19 Seconds

A record of 19 seconds was set by one of the teams in the Hamlin Fire Department last Thursday evening.

The time was that required for the 6-man team to lay 150 feet of regular hose, connect it with the fire plug and have water coming out of the nozzle.

The fire department has been divided into several groups of six men each.

Members of the winning team were: Mickey McGuire, chief, Earl Johnson, first captain, Son Branscum, T. E. Johnson, Garland Coltharp and B. J. Rowland.

## Burglars Enter McCoy Station, Get \$130 Loot

Burglars, who broke into the McCoy Service Station at Central and SW First Street last Thursday night, escaped with loot estimated at \$130, according to D. A. McCoy, owner of the firm.

In addition to large quantities of cigarettes, cigars, candy and chewing gum taken from the station, they also obtained an undetermined amount of money, McCoy said. They are known to have taken \$50 worth of dimes and some smaller change.

In addition to the money taken from the cash register, they also broke open a marble pin-ball machine and took money from it. A new Remington electric razor was among the items missed from the station, McCoy said.

The burglary was accomplished, it was believed by someone slipping into the men's rest room and releasing the inside catch on the window shortly before closing time. The window was then opened from the outside after the station was closed, and the burglar entered in that manner.

City and county officers were summoned when the robbery was discovered, but no clues as to the identity of the burglar had been found, it was said Thursday.

## Vacation Bible Study Will Begin on May 23

Annual Vacation Bible School will get underway in the Hamlin Church of the Nazarene, Monday, May 23, it was announced this week by Rev. H. L. Smith, pastor.

The school will provide classes for young people from the beginner's department through the intermediate department, the pastor said. Classes will be conducted daily until Friday, May 27, the close of the session.

Miss Lettie Wade will be general superintendent of the school, and will be assisted by eight teachers. Registration for the school will take place Saturday, May 21, when a parade will be formed to go through downtown streets to advertise the event. The school plans to include both study and recreation.

## City Council Votes Plan For Re-Naming Streets

### Cemetery Cleanup Is Urged Before Sunday

A cleanup of all lots and streets in the East Cemetery is urged for this week by Miss Lennie Greenway, secretary of the Hamlin Cemetery Association.

Miss Greenway said many people visit the cemetery each year on Mothers Day, and the association would like to have the place as clean and well kept as possible before that time.

Those who can spare the time are requested to cut the weeds and grass, fill in low places, and redecorate graves. Those who do not have the time can secure the services of the care taker by the payment of a small fee.

Miss Greenway said the recent rains have caused weeds and grass to spring up throughout the cemetery.

## Pipers, Champs Of East Half, Set for Playoff

The Hamlin Pied Piper baseball team, undefeated in the east half of district 6-A in schedule play, were getting ready this week to take on the west half champion for district honors.

The Pipers were slated to meet the Merkel Badgers in a return game Thursday evening of this week but the outcome of the game will not affect the Hamlin's team standing in the district. The Pipers defeated the Badgers 7 to 2 in the first meeting.

Playoff for the district championship will be set either Friday or Saturday of next week, according to Jesse Burditt, coach. The Pipers will meet either Rotan or Colorado City.

The Rotan team, leading in the west half, had two more scheduled games this week, and if they lose both of them, then Colorado City will be the opponents for the Pipers in the playoff.

In a game here last Saturday night the Pipers trounced the Throckmorton Greyhounds 13 to 1. The Greyhounds conceded the game and went home after the fifth inning.

J. W. Carter pitched a 3-hit game for the locals. He walked two batters and struck out five.

The Pipers got nine hits off Riley, Throckmorton pitcher. He struck out three and walked five. The Greyhounds were charged with six errors, but the Pipers had no errors.

David Butler poled out a homer in the first inning to set up the game for the Pipers. His drive was one of the longest hits in the local ball park, sports fans said.

## City Planning Board Sets Monday Meeting

A meeting of the Hamlin Civic Planning Board will be held Monday evening, May 9, in the Johnson Drive-Inn cafe, when the VFW Post 6014 will be host.

Organized at a meeting Friday evening, April 22, the board was formed to consider and plan for improvements for Hamlin.

Any citizen of Hamlin, who has a plan for civic improvement, is invited to attend the meeting and discuss the proposal with board, I. R. Huchingson, president, said.

## Rainfall for Week Gauges Quarter Inch

Rainfall in Hamlin for the past week was gauged at .24 of an inch, according to records at the City Pump station.

The precipitation during the past few days brings the year's total up to 7.29 inches.

Heavy rains of the past few weeks have added greatly to Hamlin's municipal water supply, and continued cloudy weather has cut down the rate of evaporation from the reservoirs.

## City Mail Delivery Date Nearer; Markers, House Numbers Planned

Free city delivery of mail in Hamlin was brought a step closer last Thursday by action of the City Council, which met in a special session and adopted the plan for naming and numbering city streets, as recommended by the joint Lions-Rotary club committee.

The meeting was called by Holly Toler, mayor, after the committee had completed its work and submitted the proposal for street naming to the mayor.

Vote on the plan was four members for the plan and one opposed. One member of the council was out of town and did not attend the meeting.

The committee has been working on a system for numbering and naming Hamlin's streets for more than a year, and within the past two months has spent several nights studying a city map and working out the system that was finally adopted.

Members of the council, in considering the proposition, heard two members of the Fire Department at a meeting last week, and Perry Sparks, postmaster, at the Thursday special session. Sparks expressed opposition to the system that was adopted.

The new names have already received informal approval of the post office department, according to I. R. Huchingson, chairman of the committee. Huchingson talked with an inspector from Abilene, who surveys towns and cities in this area for city mail delivery, and outlined the plan to him. The man told Huchingson that such plans have been approved elsewhere and he saw no reason why it should not be approved in Hamlin.

The inspector assured Huchingson that the department has no interest in what plan is adopted, except to be sure that delivery of mail will not be hampered.

In a letter to Sparks last week the post office department said Hamlin has been approved for mail delivery and that it will be established here as soon as the street markers are in place and the houses properly numbered.

The plan voted into effect provides for dividing Hamlin into four sections, with the highway intersection as the division point.

All avenues will run north and south and streets will run east and west. The main street of Hamlin will continue to be known as Central Avenue and the Rotan-Stamford highway will carry the designation of Lake Drive. They are the only two thoroughfares in the town to bear names. Others will be designated either by number or by letter of the alphabet.

All avenues south of Lake Drive and West of Central will be designated by SW Avenue A, B, C, etc. Those north of Lake Drive and west of Central will be NW avenues. Avenues to the east of Central will be NE and SE avenues.

Streets will be numbered both north and south from Lake Drive.

## Mighty Mice Defeat Rotan; Juniors Lose

Hamlin's Mighty Mice ran rough shod over the visiting Rotan football team in a spring practice game at the city ball park last Monday evening, and sent the Fisher Countians home after a score of 43-13.

The Mighty Mice team loomed up well in the practice game, Coach Red Burditt said. He believes the team will make an excellent record in regularly scheduled games this fall.

The Junior Mice dropped a close contest to the 6th and 7th graders from Rotan when the visitors defeated the locals 13 to 12.

A return game will be played at Rotan next Tuesday evening, when both teams will go there. Burditt said.

### VISIT IN DALLAS

Mrs. and Mrs. W. C. Russell and Mr. and Mrs. Stanley Carmichael are in Dallas this week on business.

Thus the first street south of Lake Drive and west of Central will be SW First Street. The first street north of Lake Drive will be NE and SE streets.

It was pointed out that this system is the simplest and easiest to understand of any considered by the committee. Total strangers in town it was said, can find any given address within a few minutes and without help from any local residents.

Members of the fire department expressed gratification at the adoption of the plan, and said the system will simplify the finding of fires by the department.

The committee called another meeting for Tuesday night of this week to consider plans for proceedings with the numbering of houses. Meanwhile members of the committee and the council were studying methods for paying for street markers and house numbers.

Cost of the marking program will be considerable, and the city treasury does not contain sufficient funds to pay the expense. It is believed that no less than 300 street markers will be needed. An estimate of the cost of procuring the markers and erecting them has been placed at \$6 each, which would mean a total cost of more than \$1,800. Other expenses entailed in the program are expected to raise the total expense to approximately \$2,500.

## Street Markers For Hamlin Will Cost Over \$1,500

Street markers to be erected on Hamlin streets, designating the recently adopted names of the thoroughfares, will cost approximately \$1,500, it was estimated this week by the joint Lions-Rotary committee that has been working on the street naming program.

The markers favored by the committee will be of stamped aluminum, and will set on eight foot lengths of either pipe or angle iron, I. R. Huchingson, chairman of the committee, said.

Cost of purchasing and installing the markers is estimated at about \$6.15 for each of the signs.

Present plans of the committee call for erecting the markers one to each block, on the streets that are open and used. It is believed that between 250 and 300 of the markers will be needed on the initial purchase, Huchingson said.

Plans for raising the money with which to buy and install the markers will be discussed at the meeting of the Hamlin Civic Planning Board next Monday evening.

One proposal is to charge each residence from \$1 to \$2 for the putting up of aluminum house markers. This charge would provide a profit that could be used to pay for the street signs. It is also suggested that business houses pay as much as \$5 for the numbers.

Meanwhile a letter has been received by Perry Sparks, postmaster, in which the postal department said Hamlin meets all requirements for city mail delivery except for house numbers and street signs. Sparks said as soon as the signs are erected and numbers placed, he believes mail delivery will be authorized.

A proposed route for the mail delivery has been mapped out by postal authorities, following a survey here several weeks ago. The route would include 87 blocks of residential and business areas.

### LIONS CANCEL MEETING.

The Hamlin Lions Club will not have a regular weekly dinner meeting the week of May 16, it was announced Tuesday by Acting President A. G. Irwin. The regular meeting was omitted because of the barbecue to be given for the West Texas Hereford Association. The Rotary Club will also omit its regular meeting that week.

## Our Congratulations

The Herald extends its congratulations to members of the City council and to the personnel of the joint Rotary-Lions committee on the adoption of a simple and effective plan for naming and numbering city streets.

A matter that seemed simple at first glance, the task of devising a new system of street and avenue designations assumed colossal proportions when it was studied closely.

The committee worked long and arduously at the task and each member is due special commendation for the devotion shown to a job that was accomplished without any remuneration whatever.

The council also is due commendation for accepting the committee report without hesitation and passing it, even in the face of some opposition. By this action the council demonstrated that its members are willing to go along with any reasonable proposal that will result in progress for Hamlin.

While there are some people who are not happy at the solution worked out, yet The Herald believes the plan will meet with the approval of a majority of Hamlin citizens. And as time goes by and the effectiveness of the system is demonstrated, we believe even those who have opposed it

will come to see that it is the most practical of all the schemes that could have been devised.

With the adoption of permanent names for city streets, Hamlin moved much nearer to the inauguration of city mail delivery. There is much work to be done, however, before the first letter goes out of the local post office to a Hamlin home. Markers must be bought and put into place, houses must be given numbers and a final okay must be obtained from the department.

But, regardless of the hours of work that lie ahead on the mail delivery project, the committee has done excellent work and the council has done its share in lifting Hamlin out of the village class and putting it on the road to its proper place as a thriving little city.

Cease to inquire what the future has in store, and take as a gift whatever the day brings forth. —Horace

## Income of Investors is Taxed Two Times; Practice Deters Business

BY GEORGE PECK

The story is told of a visitor to an Asylum for the Insane. While he was talking with Superintendent, the inmates were creating such a furor and so much ocmotion that he found it difficult to understand what the official was saying.

"How many of these people do you have in your Institution?" he inquired.

"A few over 1,100," was the reply. "How many attendants do you have on your staff?"

"Ninety-two."

"What! Just ninety-two guards to keep 1,100 inmates in order. Some of these people seem dangerous to me. What would happen if they organized? What could your ninety-two guards do?"

"Oh, we are not worried about that. These inmates don't know enough to organize, you see they are crazy; that's why they are here."

For many a year now the investors of this country have been unorganized. As a result of this disorganization, among other things, they have been the victims of double taxation—a process whereby earnings of corporations are taxed twice—once as earnings of corporations are taxed twice—once as earnings of the corporation, and a second time when received by stockholders as dividends and computed as income when paying their personal income taxes.

Not only is this tough on the poor stockholder, but this policy of soaking dividends twice helps to dry up the flow of venture capital into business—investors prefer to put their money into tax-exempt securities rather than into corporation stocks.

Congressman Fred L. Crawford of Michigan has just introduced a Bill, H. R. 3627, at Washington. This Bill calls for the elimination of the deterrent to the nation's economy and the welfare of all of the American people. It is a very short Bill, probably the shortest ever introduced in Congress, but if it is enacted taxpayers will no longer have to list corporate dividends when figuring their personal Federal income tax.

Stockholders are just plain crazy if they do not band together to make sure this H. R. 3627 becomes a law. The finest medium for this purpose of which I have knowledge is the Investors League, Inc., 175 Fifth Ave., New York 10, N. Y. This is a non-profit organization which over a period of years has fought valiantly for stockholders' rights, and which currently is responsible for having Congressman Crawford introduce his Bill aiming at double taxation relief. Write to this organization for literature and find out exactly how you can help.

On the day he ntroduced his Bill, Congressman Crawford sent a telegram to the Investors League which read:

"I have this day introduced Bill sponsored by the Investors League in the House of Representatives, thus fulfilling promise made at League Forum on January 27, 1949. The job of securing enactment into law will now be primarily up to the investors of the United States. I am counting on you to secure their support for this measure." Congressman Crawford did not say it in his telegram, but he could have added another sentence, as follows:

"And if the investors of the United States don't band together to fight for the enactment of this Bill, H. R. 3627, they should have their heads examined, because they are just plain crazy."

Shopper (at butcher's counter)—"How much are pork chops?"

Butcher—"Fifty cents a pound."

Shopper—"Why, the shoo across the street sells them for 40 cents a pound."

Butcher—"Why didn't you buy them there then?"

Shopper—"He didn't have any today."

Butcher—"Oh, well, when I don't have any I sell them at 20 cents a pound."

"But I don't need any help," said the employer. "I couldn't find enough for you to do."

"You'd be surprised," replied the applicant, "how little it takes."

Mike—"This a fine lad you have here. A magnificent head and noble features. Could you lend me a couple of dollars?"

Pat—"I could not. 'Tis me wife's child by her first husband."

## Writer Denies Need of Federal Aid To Save Education; States Doing Job

BY DEWITT EMERY

The something for nothing idea still persists in Washington, its most recent manifestation being the determined effort now under way to sell Federal Aid to Education (Senate Bill 246) to the people on the basis that it's all "for free," doesn't cost anyone anything.

The "do-gooders" and the big spending bureaucrats would have you believe that just as soon as Congress passes and the President signs this bill, Uncle Sam will reach up and pull \$300,000,000 out of the air; then everything will be all set and everyone, especially the bureaucrats, will be happy.

Actually, this money will have to come from the same source as all the other money our Federal Government spends; that is, out of your pocket, out of my pocket, and out of the pockets of all other taxpayers.

So much for the "for free" angle. I covered the control over schools by the federal bureaucrats which would have to go with federal money, in a previous piece. Now let's take a look at the need for federal to education.

It was in 1936 that the first ballyhoo for federal aid to "save our schools" broke across this country. The "do-gooders" and the "bleeding hearts" all of a sudden had discovered that the school systems of the several states were about to come apart at the seams, and if the Federal Government didn't immediately start kicking in three hundred million dollars a year, half or more of the kids in the country, in a very short time, wouldn't have any place to go to school. So, in 1936 a "save our schools" bill was introduced in Congress, setting up an annual appropriation of \$300,000,000.

Now, thirteen years later, the same bill—it's almost worn out, it's been introduced so many times—is again presented to Congress. In the meantime, what has happened to the schools in the several states? Have they come apart at the seams? Are half or more of the children in the country roaming the streets all the time because there isn't any place for them to go to school? You can answer that. What's the situation in your community, in neighboring communities and throughout your state? Are your schools better, just the same, or worse than they were thirteen years ago?

I, of course, do not know what has happened in the past thirteen years in the schools in every city, town, village, hamlet and rural district in the country, but I do know what has happened nationally.

The records of the U. S. Office of Education show that from 1936 to 1947—the last year for which figures are available—the states, including the subdivisions thereof, increased the financial support of their schools from \$1,656,798,938 to \$3,124,550,345. That's an annual gain of \$1,467,751,407 or almost exactly five times the \$300,000,000 it was said Uncle Sam would have to put up each year, starting in 1936, to keep our school system from fall-

ing apart. If the states have been able not only to take care of, but actually double the financial support of their schools since agitation for federal aid started in 1936, isn't it entirely reasonable to assume that they can continue to handle their own school situations without any help from the Federal Government? I think it is. If you agree, then by all means express your views to your Congressman and both of the Senators from your state. The bureaucrats are putting plenty of pressure on Congress to pass S. 246, and if you don't do your part to counteract their propaganda, they may win by default. It's up to you, Mr. and Mrs. America.

### QUESTIONS AND ANSWERS

J—On what priority basis is a World War I veteran admitted to a Veterans Administration hospital?

A—Emergency cases have first priority; those suffering from injuries in or aggravated by wartime service are next on the priority list, and those who swear they are unable to pay hospital charges for non-service-connected disabilities or illnesses are third. The latter must wait until a bed is available.

Q—Are dependents of a World War I veteran, who died of causes not due to service, entitled to death pension?

A—In most cases, they are entitled to death pension benefits. The widow is disqualified if her annual income exceeds \$1,000, or \$2,500 if she has a child or children. A child is ineligible if his or her income exceeds \$1,000 per year. A widow loses her entitlement upon remarriage, and children normally become ineligible when they reach age 18.

O—I am a World War I veteran and was discharged from the U. S. Army in 1938. I would like to know if I am eligible for the education, readjustment allowance and guaranty loan provisions of the G-I Bill?

A—No. Benefits of the G-I Bill are available only to World War II veterans.

## Polio in State in 1949 Is Almost of Epidemic Proportions; Caution Urged

During the first Seventeen weeks of 1948 there only 55 cases of poliomyelitis reported to the State Health Department, while in this same period for 1949, there have been 142 cases reported from different sections of the state, according to Dr. Geo. W. Cox, State Health Officer. Seven cases were reported in the past week, with three from one county.

"Poliomyelitis is one of the most dreaded of all diseases," Dr. Cox said, "and justly so. It is more often a cripple than a killer, but in either case it takes a heavy toll among young Texas citizens, and is a health menace against which our children should be carefully guarded."

Immaculate cleanliness of person and homes is urged as a precautionary measure against polio, and community hygiene assumes a place of major importance when the disease makes its appearance. Clean communities, clean homes, and strict personal hygiene all play a part in helping to prevent the spread of diseases, and Dr. Cox advises close inspection of home screens for keeping out flies, and unremitting efforts in rodent control, and the extermination of roaches.

"Until it is definitely understood just how polio is transmitted, it is well to guard against all household pests and eliminate all insanitary conditions," Dr. Cox said. "We do not know with certainty how polio is spread, and filth, which affords a breeding place for germs, should not be tolerated."

## 97-TON ATOM SMASHER

THIS ATOM-SMASHING coil may also have its place in trucking history, too. After many months of controversy because of its weight—97 tons—the coil was delivered to Carnegie Institute of Technology's Nuclear Research center at Saxonburg, Pa. The coil was wound in Brooklyn Navy Yard as the Bureau of Naval Research's contribution to the atomic research program. But highway commissioners blocked overland delivery, forcing a 3600-mile water voyage via the Gulf of Mexico, the Mississippi, Ohio and Allegheny rivers. Despite claims of highway experts that such heavy loads would crush the Pennsylvania roads, Pittsburgh papers reported: "the coil, carried on I-beams equipped with heavy-duty 1400x2 General tires, was trucked 33 miles from the Kittanning, Pa., locks to Saxonburg, Pa., without damage to the highways. Most of the highways traveled were secondary roads, at that." Navy officials, claiming this one of the largest hauling jobs ever undertaken by them, attributed the successful hauling to "proper sized tires and mechanically perfect equipment."

### Roby and Rotan Plan Water From New Lake

Plans for obtaining municipal water supplies from the new Oak Creek reservoir near Sweetwater, will be discussed at a meeting of officials of Rotan and Roby, in Roby Friday night.

It is proposed to build a pipe line to supply the two towns. Estimated cost of the project would be \$690,000. Water would flow by gravity it was pointed out, because the two Fisher County towns are at a lower elevation than the lake site.

### 7,000 Fewer Railroad Cars Loaded in Week

A sharp decrease of almost 7,000 units in the number of railroad cars loaded with freight was noted for the week ending April 23, 1949, as compared with the corresponding week of 1948.

A report issued by the Katy and Santa Fe roads stated that 26,745 cars were loaded during the 1949 period, while 33,301 were loaded during the corresponding week of 1948.

### High Blood Pressure

HARDENING OF ARTERIES  
PAINS IN LEFT SIDE AND SIDE—

Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes, on February 20, 1948: "Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Massachusetts."

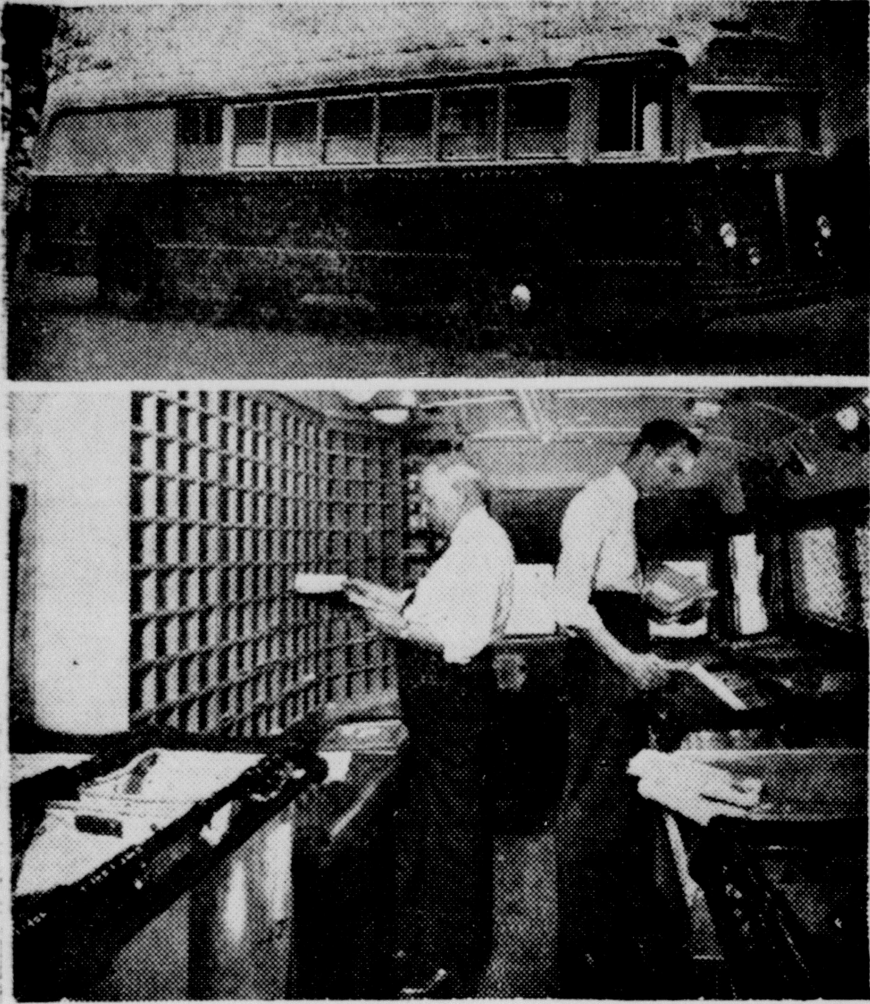

"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, of San Benito, who was in bad shape, is also very much better and her blood pressure down considerably. This Garlic works, and you are doing a fine job of producing it for benefit of those suffering from high blood pressure or heart trouble."

## HIGHWAY POST OFFICE

To speed the mail between points not served by regular common carriers, the government has ordered a fleet of these new highway post offices. Every facility of a railway mail car, sorting tables, pigeon holes, and bag racks are all a part of the complete facilities found aboard one of these modern mail coaches that travel the highways instead of the rails. The White coach shown at the top has just recently been put into service in the Midwest. Engineers of The Timken Roller Bearing Company were called in to design the bearings that will enable the new post offices to roll with a minimum of maintenance.

The lower picture shows the interior of one of the new rubber-shod mail coaches with clerks sorting the mail enroute. The mail does go through and now it goes through faster to the communities served by the new highway post offices.

## Southwest Farm Markets Lower for Most Products; Rains Retard Crops

Many southwest farm products sold lower this week, the U. S. Department of Agriculture's Production and Marketing Administration reported.

Sorghum prices fell 17 cents a pound for the week, barley and yellow corn 9 to 10 cents, and other grain 3 to 4. No. 2 yellow milo closed Monday at \$2.55 to \$2.60 a hundred at Texas common points. No. 2 yellow corn sold around \$1.57 a bushel, white corn \$1.70, oats 79 to 83 cents, and No. 1 wheat \$2.33 1-2 to \$2.40 1-2.

Heavy rains further delayed rice planting in Texas and Oklahoma last week, but Arkansas seeding made good progress. Wheat mill-feed markets broke sharply after several weeks of rising prices. Most other feeds enjoyed good demand. New crop alfalfa hay started moving southwest markets at slightly lower prices. Seed peanuts sold slightly weaker at 19 to 20 cents a pound, as rain damaged crops.

Cotton sold \$1 to \$3 a bale. Middling brought 32.45 to 32.65 cents a pound.

Despite lighter receipts and higher beef prices than the week before, most cattle sold 50 cents to \$1 lower in Texas and Oklahoma. Fort Worth held steady on many classes, however, and Denver showed some strength. Low grade calves lost up to \$2 at South Texas markets. Cull and common grades ranged from \$15 to \$23 at San Antonio, \$19 to \$22.50 at Houston, and \$13 to \$20 at Fort Worth. Denver paid \$25 to \$29 for medium to choice vealers, and Oklahoma City up to \$25.

Hogs sold about unchanged from a week ago at Texas markets, but gained mostly 25 cents at Oklahoma City and \$1 at Denver. Receipts changed little from a week earlier or a year ago. Pork lost \$1 to \$4 for the week. Top butchers closed Monday at \$18.25 in Texas and Oklahoma and \$19.50 at Denver. Sows brought \$14 to \$16.

Southwest sheep markets showed little change from last week. Good and choice spring lambs reached \$27.50 at San Antonio, \$29 at Fort Worth, and \$29.50 at Oklahoma City. Medium wooled truck-lins brought \$28.25 at Denver. Goat kids gained \$1 at San Antonio to bring \$4 to \$5 each, and a few reached \$5.50. Dressed lamb prices advanced \$4 to \$5 from a week ago as mutton held steady.

No Texas wool sold last week, but some mohair moved at 35 to 37 cents.

Mostly steady to firm markets for eggs and poultry prevailed in the southwest, although poultry weakened slightly at Denver and New Orleans, and eggs strengthened a little at Denver. Current egg receipts kept largely within a range of 40 to 43 cents a dozen. Fryers sold mainly around 32 cents a pound at wholesale markets.

Abundant moisture resulted in more of some kinds of vegetables from southwest rowing districts, but excess rain and floods damaged or destroyed others. South Texas onions suffered severe damage, and wet weather retarded vegetable harvest. Rainy weather slowed strawberry picking in Arkansas, but prices declined. Weekend sales netted growers mostly from \$9 to \$10.50 per quart crate of No. 1.

### Burglars Take Cash From Rotan Business

Burglars who entered through a window, took about \$250 in cash from a safe in the Roberts Motor Co., in Rotan late Saturday night. Tracks near a broken window and hand prints on the window sill indicated the method of entering the building.

The burglars opened a large safe in the office of the firm by working the combination, officers said.

### Planning for a Landing

Aviation Cadets study a miniature relief map of their landing field to acquaint themselves with the terrain and its features. They are members of an Aviation Cadet class, one of which opens for qualified men every six weeks. Married or single men, 20 to 26½ years of age, with two years of college or its equivalent, may apply now for Aviation Cadet training.

### Mrs. Bryan Hostess at Tea Honoring Niece

Mrs. Paul Bryan was hostess in her home last Wednesday afternoon at a tea honoring her niece, Mrs. Wilson Brannon, who is a guest in the Bryan home. Guests called from 3:30 to 6:30 p. m.

Mrs. John Walton, Mrs. Bryan and Mrs. Brannon greeted the guests. Mrs. John F. C. Jr., and Mrs. James E. Simmon, assisted in the dining room. Mrs. Green was at the punch bowl.

Mrs. Kenneth Parker directed the guests to the registry, where Miss Adell Dixon presided. Mrs. Chuck Abbott gave the farewells.

The Bryan home was decorated with iris, roses and pink candles. The table was covered with a cut-work cloth.

Approximately 55 guests called during the afternoon.

### Juniors Are Hosts to Seniors in Annual Traditional Banquet Last Friday Night

Members of the Hamlin junior class were hosts to members of the senior class last Friday evening in the traditional junior-senior banquet, an annual event.

The banquet was held in the basement of the Methodist Church.

Buddy O'Neal, president of the junior group, was toastmaster. I. R. Huchingson, superintendent of schools, gave the invocation.

John Ray Holland gave a welcome to the seniors, on behalf of the junior hosts, and Dennis Johnson, for the seniors, responded.

Patsy Parker read the class prophecy for the seniors and Jerry Briscoe gave the last will and testament of the class.

Theme for the banquet was Tex-

as, and miniature Alamos were used as place cards. A map of Texas provided programs.

The center table led large bouquets of bluebonnets, and the room was decorated with small flags.

Following the program the two classes presented their respective sponsors, Miss Billie Kathryn Lancaster and Truman Nix, with gifts.

# SHORT STORY

## When the Blind See

By LOUIS CUNNINGHAM

"I MUST go to him myself, Parrish. I have so looked forward to surprising him." Mrs. Gerald Ivering, home from six months in Europe, had reached New York a day earlier than she had cabled her husband. Her maid held the young wife by the arm as they went up the steps. In the hall Kitty whispered, "Go up and unpack, Parrish. I can find my way very well . . . just as if . . ."

Parrish smiled fondly at her mistress . . . a face sweetly calmed by years of darkness and patient suffering.

"Blindness made you no less lovely, madam," said Parrish. "And you could see nothing finer than yourself."

Parrish watched her feeling the wall to her husband's study.

Gerald Ivering moved hastily away from the woman who sat beside him. He put his finger to her lips, then touched his eyes to call to mind that she who stood in the door could not see them.

"Kitty! You wired you'd be on Wednesday's plane. And there was no one there to meet you."

"I wanted to walk in on you like this when you were all alone and thinking of me," she cried.

THE woman moved noiselessly and stood by the mantle. Kitty took the place she had left. Gerald, an uneasy frown on his face, sat beside her.

"It is late," said the blind girl. "I knew I would find you alone. Have you been very lonesome for me, Gerald? What did you do while I was away?"

"It has not been easy without you," he said.

"You never cared for anyone but me, Gerald, did you?" persisted Kitty. "There was no other woman?"

"But there was, Kitty . . . a year before you came. I thought I loved her and she pretended to care for me. I was just a young lawyer then. I had nothing to offer and she married a wealthy man."

"You ceased to love her then, of course. Did you never see her again?"

"Yes. I saw her . . . recently." "Tell me. What is she like? Is she prettier than I? . . . Tall, perhaps, with black hair and eyes and very red lips and a soulless face . . . a sort of woman whom it is death for a man to love?"

The woman moved angrily. A different crimson from that which decked her cheeks flooded her forehead. Gerald gazed in wonder. He smiled cynically. "She is all you describe. Even as you guess . . . for I know you never saw her . . . she is soulless. She was untrue to my love and she is now untrue to

Her lips went to his.

## Girls Rank High in McCaulley Graduates

Girls not only lead the class in numbers, but girls in the McCaulley 199 graduating group, have been accorded the highest honors scholastically, according to S. L. Smith, McCaulley school superintendent.

Miss Betty Bell, daughter of Mr. and Mrs. J. H. Lawlis, was chosen as valedictorian for the 1949 class. Her grade average is 95.75.

Miss Pauline Smart, daughter of Mr. and Mrs. Lee Smart, with a grade only slightly below Miss Bell's, will be salutatorian. Miss Smart made an average of 93.08.

to me again and tried to win me back. But what she offers is dishonorable. I told her to go. You were my protection. I never want to see her again."

THE woman looked at him with hatred. Then she picked up her wrap by the door and vanished.

The girl's fingers caressed her husband's face and her lips went to his. Suddenly she pointed to his shoulder.

"See, Gerald, there is a hair on your coat. Wait, I will get it." He stared in wonderment.

"Kit, Kit! What is this? Am I dreaming? You . . . you can see!"

"I went to a specialist in Vienna two months ago and have some of my sight back. That was why I came in surprise. And oh, I am glad that the first thing I saw about you is the honesty of your love. I had been without the use of my eyes too long to trust the value of what they first showed me . . . that woman with her arm about your neck. I knew if I were blind I would be happier, so I kept up the pretence and in blindness I saw what in light I might have missed."

## Class of 1949 Is To Be Final One For Sylvester

The last class to graduate from Sylvester High School will be the class of 1949, J. H. McHaney, superintendent of schools, said this week. After this year the school will not be accredited, and students will be forced to go to Roby or McCaulley to get their diplomas.

The school has not been eligible for accrediting for the past three years, McHaney said. Under rules and regulations set up by the state board of education, enrollment must reach a certain number before the school will be approved.

During the last three terms the Sylvester school has fallen below the minimum, but it was permitted

to retain its credits under a temporary ruling.

The Sylvester school was first accredited fully during the 1934-35 term, and the current graduating class will be the 15th to receive diplomas from the school.

Total enrollment now in Sylvester in both the high school and the grades is only 105, McHaney said. The school has a corps of six teachers in addition to the superintendent.

## Combust and McCain Tops in Sylvester

Minnie Mae Combust and Charles Ross McCain are the top-ranking members of the Sylvester senior class in scholarship per centages. J. H. McHaney, superintendent, said this week.

Miss Combust will be valedictorian in commencement exercises to be held May 27 in the high school auditorium, and McCain will serve as salutatorian. Minnie Mae had an average of 89 and McCain's average was 88.

## HASSEN FAMILY VISITS NATIVE HOME; FLY TO SYRIA FOR VISIT WITH MOTHER

Mrs. B. Hassen, Hamlin merchant will see her native land for the first time in 25 years, and her children will visit a foreign country for the first time in their lives next week.

Mrs. Hassen and daughters, Nada Kaye, Winnie Faye and Nasik left Wednesday for Dallas. From there they will board a plane and fly to Washington, D. C. where they plan to be guests of a son-in-law and daughter, Mr. and M. B. Sadak for a few days before leaving by trans-Atlantic plane for Syria.

Jamel, another daughter of Mrs. Hassen, who is in school at McMurry College, will not make the trip. Nasik will go only as far as Washington and will remain with her sister.

In Syria, the Hassens will visit Mrs. Hassen's mother, Mrs. Wadia Naime, who lives in Bayroute.

Mrs. Hassen left her native land and came to the United States more than a quarter of a century ago. Her last visit to Syria was in 1923.

and since that time she has not seen her mother.

The Hassen children have never been in the old country, nor have they been on the ocean. For their return to the United States, the Hassens plan to take passage on an ocean liner. They will be gone for a month.

## Kin of Hamlin Woman Is Featured in Page Picture in Magazine; Airline Stewardess

A full page picture in the current Cosmopolitan magazine features Miss Wenona Reiger of Bellaire, Texas, a niece of Mrs. Frank Williams of Hamlin.

Miss Reiger is a stewardess on the Pioneer Air Lines, and makes flights from El Paso to Amarillo.

An article accompanying the full page sketch refers to the duties Miss Reiger has as a stewardess. Instead of handing out the usual free cigarettes, the article says, Miss Reiger passes around the "pipe of peace," to reassure passengers on the flights. The author was referring to Miss Reiger's Indian blood. She is said to be direct descendant of Pocahontas, famed Indian princess of colonial times.

The family tree traces back to the 15th century when Pocahontas was taken to London. She left only one son, Thomas, who later came to Virginia. From him came some of the most prominent families in that state.

The stewardess, the daughter of Mr. and Mrs. H. T. Reiger of Bellaire, and formerly lived at Cross Plains, where she attended school.

Miss Reiger has been a frequent visitor in the Williams home in Hamlin and has many friends here. It was a close friend of the family, Miss May Gay, who called Mrs. Williams and told her about the picture in the magazine.

## McCauley Seniors to Make Trip to Austin

A sight-seeing trip to Austin and San Antonio will be made by members of the senior class of McCauley High School following the closing of the school term, S. L. Smith, superintendent, said.

The class, with sponsors and members of the faculty will leave McCauley by school bus the morning of May 30, and will be gone for five days.

Expenses of the trip will be paid by the class fund which has been raised by numerous activities during the past few months.

### VETERANS' NEWS

The next few years will see an increased demand for college graduates in the fields of medicine, psychology, kindergarten and elementary school teaching and certain phases of electricity.

At the same time, competition will grow keener for positions in the fields of engineering, chemistry, pharmacy, law and personnel relations.

These conclusions were contained in a study prepared for the Veterans Administration by the Occupational Outlook Service, Bureau of Labor Statistics, U. S. Department of Labor.

The study is being used by VA advisement and guidance officers as an aid in counseling disabled veterans planning to take educational and training courses.

## Jones County Voters Overwhelming In Support of Taft-Hartley Law

Voters in Jones County favor the retention of the Taft-Hartley labor law by an overwhelming majority, Congressman Omar Burleson reported this week. The report was made on the basis of ballots turned in to the congressman from voters throughout his district.

Burleson said the expressions of sentiment on the ballots reflected very active thinking on the part of citizens in the district. "Of course, I deeply appreciate responses. It was impossible to contact those over sixty years of age, because I have no record of them, but I would like very much to have their reaction also."

"I have felt it my duty to better determine the thinking of the people although I believe I fairly well understand how most feel in our area regarding the Congress and its responsibilities. The results of this effort, however, give me much encouragement. The factual evidence affords me the basis of statements to show members of Congress from other parts of the United States just how the people I represent have reacted on these issues, and to have it in black and white is the proof."

Biggest response was given on questions on the Taft-Hartley Labor Law in the approximately 552 questionnaires returned to him with the majority of Jones county people reporting in favor of each of the five provisions listed.

Jones county people who answered lined themselves against a Federal law to abolish the poll tax as a qualification for voting for Federal officials against the FSPC to control alleged racial and religious discrimination in employment, against repealing the income tax deduction made in 1948, among other things. Qualified replies were made by some and no opinion were given on some of the issues in question.

Results of the questionnaire are given below:

1. Are you for or against the following provisions of the Taft-

Hartley Labor Law:

(a) The provision which prohibits the closed shop: For 399, Against 137.

(b) The provision which prohibits secondary boycotts and strikes: For 426, Against 101.

(c) The provision for "cooling off" period before strikes affecting the National interest can be called: For 519, Against 23.

(d) The provision which requires union officials to subscribe to a non-communistic oath: For 514, Against 26.

(e) The provision which authorizes civil damages for both labor and management for breach of contract: For 508, Against 27.

3. Do you favor a system of allocations of scarce goods and materials? For 326, Against 178.

4. Do you favor the Economic Recovery Program for Western Europe? For 372, Against 91.

5. Do you favor a Federal law to abolish the poll tax as a qualification for voting for Federal Officials? For 156, Against 382.

6. Do you favor the so-called Federal Fair employment Practice Commission (FEPC) to control alleged racial and religious discrimination in employment? For 136, Against 398.

7. Do you favor the Federal Government assuming jurisdiction over criminal offenses involving lynchings? For 160, Against 378.

8. Do you favor a Federal law which would interfere with rights now exercised by individual States to handle segregation problems? For 31, Against 514.

9. Do you favor a further reduction in income tax on a basis similar to the reduction in 1948? For 293, Against 190.

10. Do you favor repealing the income tax reduction made in 1948? For 43, Against.

### Baptists' Gifts to Honor Mothers Day

### You Can Tell a Texan By Tone of His Voice

You don't have to see a West Texan walking to tell him from his East Texas brother—his speech habits will mark him almost every time.

That's the conclusion of Dr. E. S. Clifton, North Texas State College English professor who is conducting a research project to study speech habits of Texas. Usage of certain words almost conclusively draws a line between an East Texan, he says.

Chances are that a West Texan has never heard of "blinky" milk; whereas almost any East Texan knows that it is soured milk. The words "where" and "nor" tend to come out as "whur" and "nur" when West Texans use them, Dr. Clifton points out.

Dr. Clifton's study, to be published upon completion, includes material on what people call objects, what forms of words they use to express their thoughts, and how they are pronounced.

### Celotex Employees in Picnic Last Saturday

Employees of the Celotex Corporation were entertained with a picnic at the Hamlin City Park last Saturday afternoon, when the Safety Committee served as host.

Games were played, beginning at 2:30, with a variety for all ages of those who attended. A father-son baseball game was the climax of the afternoon's entertainment.

A barbecue was served at 5:30, and following the meal, the guests went in a group to the Ferguson theatre to attend the show.

## Care Needed to Keep Patient Well After Tuberculosis is Arrested

When the doctor tells the tuberculous patient at the sanatorium that he can go home, he is actually telling the patient a number of other important things. The medical discharge means that the patient has successfully battled his tuberculosis, that he can rejoin his family and his friends, and that he can make definite plans about going back to work.

Yet, at this point, the former patient fully realizes that all his plans for the future hinge on one important factor — his staying well.

Observing common-sense rules that will keep him well is going to be easier if the former patient remembers that his newly-regained health was a long, up-hill fight. He is merely seeing to it that he holds on to his "victory" when he gets sufficient rest at the proper times, the right foods regularly, and keeps a careful check on his own health. Keeping well need not be an arduous task for that former patient. He has been advised at the hospital of certain things he should not do. But life for him can be pretty much the same as it was before he became ill and went to the sanatorium. There are three main things for him to remember:

(1) He should observe the rules of healthful living which he learned at the sanatorium. Doctors and nurses at the sanatorium have given him sound advice that will make living healthfully easier for him and, with the aid of his doctor, he can map out a home routine that fits into his family's schedule of daily life.

(2) The former patient should keep in touch with his doctor at

all times. He should visit him for checkups as often as the doctor advises, even though he may feel perfectly well. And if he notices anything wrong — such as loss of weight or appetite, unexplained fatigue, coughing and pain in the chest — he must see his doctor immediately.

(3) The ex-patient must do what his doctor tells him. The doctor knows the patient's condition best and is the one to advise him on all matters concerning his health, including the types of work and recreation which are safe for him.

Dr. Will C. House, pastor of the First Methodist Church, is a guest of relatives in Hot Springs, Arkansas. He will also visit Kansas before he returns to his home here.

Mrs. E. M. Wilson spent several days last week in Breckenridge as a guest of her sister, Mrs. Ross Walker. Mrs. Wilson returned to Hamlin Saturday.

## Miss McDonald Becomes Bride of Bailey in Wedding in Hendrick Home Last Friday

Miss Beatrice McDonald, daughter of Mrs. Myrtle McDonald of San Angelo, was married to Ray Aaron Bailey, son of Mr. and Mrs. Clarence Bailey of Hamlin, when vows were exchanged in the Hendrick Home in Abilene last Friday evening.

Rev. J. F. Michael read the vows for the couple, in the chapel of the Hendrick Home.

John Rodgers, organist, and Craig Timberlake, soloist, gave the wedding. Timberlake, widely known baritone, sang "I Love Thee," and "O Promise Me." The McMurry College Mixed Chorus sang the "Bridal Chorus."

Miss Dean McDonald served as maid of honor for her sister. She wore a dress of blue organdy over taffeta, and in similar style to the dress worn by the bride. She carried a bouquet of yellow iris. Bridesmaids were Dorothy Holt, Leta Bates and Louise Blakemore of Abilene, Christine Hambricht of Winters and Mrs. Bill Fomby, sister of the bridegroom, of Hamlin.

Miss McDonald was given in marriage by Thomas E. Roberts, superintendent of the Hendrick Home.

The bride wore a gown of ivory satin, styled with an off-shoulder yoke, fitted bodice and long fitted sleeves. The full skirt extended to a chapel length train. Her veil of imported illusion fell from a seed pearl tiara, and she carried a shower of yellow iris.

Marcie Marler and Ann Barentine of the Hendrick Home were flower girls. Their dresses were of blue organdy and lace. Paul Perry of Hendrick Home, dressed in white, carried the rings on a white satin pillow.

Bill Fomby brother-in-law of Bailey, was best man, and ushers were Forrest Reed of Sweetwater and Buford McDonald, Merlin McDonald, Glenn Sanford and Raymond Roberts, all of Abilene.

Following the wedding a reception was given in the parlor of the

Home. Mr. and Mrs. Bailey will live in Abilene, where Ray is a student in McMurry College, and Mrs. Bailey is an X-ray technician at Hendrick

## \$CS District Is Winner of First Place in Contest

First prize of \$300 in cash was awarded the California Creek Soil Conservation district in a contest to secure the most conservation practices in North Central Texas during the year of 1949.

The prize was announced at an awards banquet held in the Texas Hotel in Fort Worth last Saturday night. A large representation from the California Creek district attended the meeting, which was sponsored by the Fort Worth Press.

In addition to the prize of \$300 in cash, J. F. McCulloch of the district was awarded a plaque for being the "outstanding farmer in 1948" in the district. Certificates of award were given to 39 farmers in the district for observing soil conservation practices.

In 1946 the California Creek district was awarded \$200 in the contest, and a \$100 award was given in 1947 to the district.

The money will be used by the board of directors for further improvement of the soil within the district, and to purchase needed equipment.

During 1948 the board of supervisors of the district approved 109 soil conservation plans on farms and ranches covering a total of 23,635 acres. During the year 18,345 acres of contours were completed, 16,635 acres of crop residue were applied; 40 acres of pasture or range seeding was established, and 552 miles of terraces were constructed.

## Bowen Pope Reports On Rotary Meeting

Bowen Pope made a report of the recent Rotary Club conference in Mineral Wells, at the Wednesday noon meeting of the Hamlin Rotary Club. Pope titled his talk the "Rotary Spring Round-Up".

In addition to the speaker, the conference was attended by Charles Gardner, Dean Witt and Pat Marlow.

Announcement was made at the meeting of a film to be shown in the high school auditorium Friday evening by the Sherwin-Williams Co., in which insecticides will be featured. The picture will give the best methods for killing insects in wheat, maize and small grain, and the best way to control weeds in crops by use of sprays.

## McCaulley Man Hurt When Auto Overturns

L. U. Perryton of McCaulley suffered a broken left arm when the automobile he was driving overturned near Roby about midnight last Saturday.

Perryton was driving alone when the accident took place. The car overturned at the Cottonwood Creek bridge one mile south of Roby, according to Fisher County Sheriff R. L. Wilkins.

Emergency treatment was given Perryton, following which he was taken to Abilene to a bone specialist.

Miss Helen Parker of Venice, Calif., arrived this week to spend the summer as a guest of her mother, Mrs. Odell Garrett.

## 400 at Picnic For Employees Of Celotex Co.

Approximately 400 persons attended the Celotex Corporation's employees annual picnic and barbecue held in the Hamlin City Park last Saturday, it was announced by officials of the plant.

Guests of honor were employees of the Gypsum and Plaster Processing department, who won the annual safety contest with a score of no lost time from injuries.

The afternoon and evening activities included a Dads and Sons softball game in the ball park; finals of the Celotex tennis tournament, horseshoe pitching games and washer pitching. A barbecue dinner was served at 5:30, after which the group attended the Ferguson theatre.

The Dads won the softball game in a late surge of scoring, after having trailed the sons up to the sixth inning.

Clyde Lewis of the Accounting department, emerged victor in the singles tennis tournament, and the doubles playoff was called because of time, and will be completed next week. Still in play in the doubles contest are Ted Armstrong and Clyde Lewis; L. E. Madden and J. B. Jayroe, and C. M. Gudger and Kenneth Treadwell. Treadwell was runner-up in the singles play.

The plant Safety Committee planned and directed the celebration. The committee is composed of Spur-

## "Shoot-em-Up" Radio Programs Approved

A few "shoot-em-up" radio programs aren't going to hurt Junior, but his listening diet should be balanced with other programs, a University of Texas radio and drama instructor advises mothers.

David Mackey, a father himself, bases his advice on research into children's listening habits.

"The fast action and melodrama appeal to the captive, imaginative child," he explains but adds that parents have a responsibility to balance their children's radio listening in the same way the food diet is balanced.

He also reminds that children listen to many of the same programs as their parents, and therefore, should be kept in mind when parents tune in a radio program.

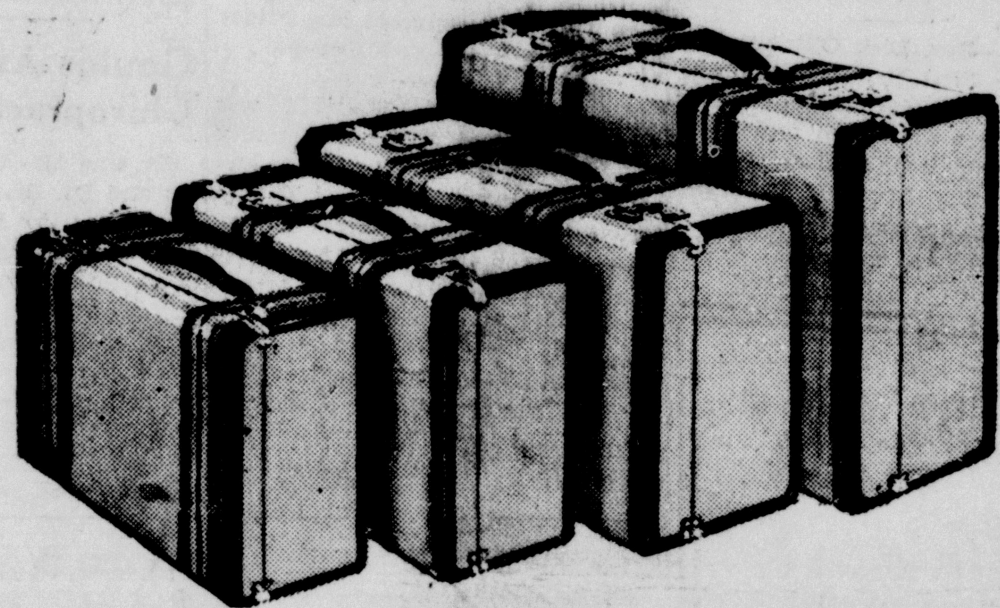

Mrs. W. H. Pfeiffer, the former Naomi Ruth Young, is visiting her parents, Mr. and Mrs. Jess Young. Mrs. Pfeiffer lives in Terre Haute, Indiana.
